Transonic[®] Cix

HEAVY-DUTY COMMERCIAL ELECTRONIC PEST REPELLER

Powerful, heavy duty unit designed for use in restaurants, warehouses and storage areas as well as garages, carports, basements, attics and crawl spaces.

Many businesses have more pest problems than homes. Offices, warehouses and storage areas can be "home" to a variety of hard-to-get-rid-of mice, rats and insects. The Transonic Cix repels all these common pests and more! Yet it is easy to use and economical to operate (usually less than 25 cents per month).

Widest range of sonic and ultrasonic sounds. The Transonic Cix emits the widest range of user-selectable frequencies. The sounds emitted by the Transonic Cix create an intolerable environment for targeted pests. The sounds attack their nervous systems and drive them away. Coverage area will vary from 1,500 to 3,500 square feet.

You may be able to hear a clicking or chirping sound when your Transonic unit is in operation (even on the Quiet setting). This sound is due to the modulating sounds being generated and is part

This commercial strength electronic unit is designed for use around office buildings, warehouses, and other commercial areas. It works equally well around the home, too.

- No poisons, chemicals or traps
- Effective and easy to use
- Maintenance-free electronics
- Powerful, yet economical
- Unconditional 2-year guarantee

of the normal operation of the unit.

The Transonic Cix repels many insects, spiders and some small mammals, including many species of fleas, ticks, spiders, bats, mice and rats as well as many flying insects such as moths. In its sonic mode, it repels squirrels and rats.

User-friendly controls. Pest picture-graphics on the back of the unit show how to use both three-

position switches: the ultrasonic (quiet) settings for control of most indoor pests or the sonic (medium or loud) settings for control of most outdoor pests with coverage up to 3,500 sq. ft. (325 sq. m).

The Transonic Cix is a heavy duty unit that is designed to withstand years of use. The galvanized steel case covered with an epoxy paint makes the unit virtually indestructible.

Industrial strength for the home as well.

Trasonic® Cix

Mankind has used sounds to repel pests for thousands of years. Many mice, rats, spiders and insects hear sounds above the hearing range of humans (termed ultrasonic).

The Trasonic Cix is designed to attack the hearing of these pests, causing them such great discomfort that they are forced to leave the protected area.

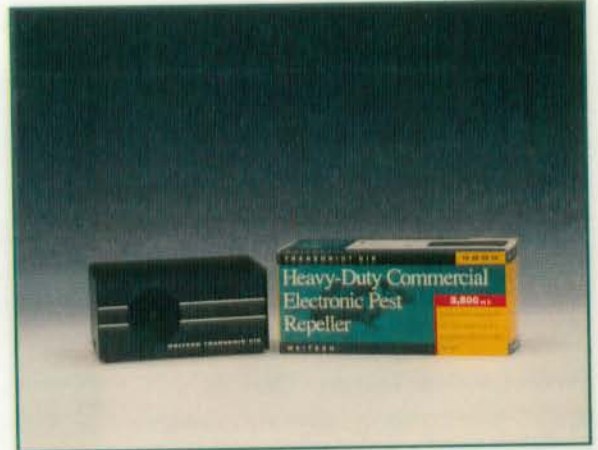

The Trasonic Cix is the long-term solution for a safe, clean, effective way to rid your commercial building, warehouse or office of potentially dangerous pests. The Trasonic Cix is made by Weitech, Inc. in the United States and is unconditionally guaranteed for two years.

The Long-Term Solution to Commercial Pest Problems

Packaging

The Trasonic Cix is available in an attractive four-color retail box. The master carton contains 12 units.

Specifications

Unit Dimensions:

6 1/2 x 3 1/2 x 3 1/4 in
(15.6 x 8.9 x 8.3 cm)

Power input:

110VAC or 220VAC or 12-volt automobile battery. Adapters bear UL, CSA and CE marks where applicable.

Coverage:

Maximum of 3,500 sq. ft.
(325.2 m²)

Frequency range including side bands and harmonics:

Quiet Setting: 20,000 to 50,000 hertz
Medium Setting: 10,000 to 50,000 hertz
Loud Setting: 2,000 to 50,000 hertz

EPA Est. Number: 62617-OR-001

Sound pressure level:

(during peaks) as measured at 19"
(0.5 m): 116 dB

Retail Box Dimensions:

8 1/4 x 3 1/2 x 3 3/4 in, 1 lbs, 10 oz
(21.0 x 8.9 x 9.5 cm, 737.1 g)

Retail Box Master Carton Dimensions:

11 x 9 x 8 in, 10 lbs, 8 oz and contains 12 units.
(27.9 x 22.9 x 20.3 cm, 4.8 kg)

The Trasonic Cix is made by Weitech, Inc., the largest manufacturer of electronic pest control devices in the U.S.A. Each unit is backed with a two-year unconditional guarantee of satisfaction: If you are not satisfied, return the unit for replacement, repair, refund or credit.
